Analysis based on information contained in "Federal Health Care Funding Makes Dollars and Sense for Maine" released by the Maine Center for Economic Policy and Maine Equal Justice Partners in March 2013. Job numbers are derived using IMPLAN and are approximate. Actual figures may be lower or higher than projected. Dollars added to the local economy include new money as well as money that would be lost if Maine does not accept federal funds. Produced on June 12, 2013 and revised to include hospital job impacts on September 17, 2013.
